1. Applicant is requested to cancel non-elected claims 48-66 to expedite prosecution.

2. Claim 47 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 47, line 3, "the first fluid under pressure" lacks antecedent basis and it is unclear if such fluid is the "working fluid" or the "fluid under pressure" used in the expanding step.

3. Applicant's comments concerning the art rejection are persuasive and this has been dropped. However, a 112 exists against claim 47 and this needs to be addressed. Also, the non-elected claims 48-66 should be cancelled to expedite prosecution.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mathieu D. Vargot whose telephone number is 571 272-1211. The examiner can normally be reached on Mon-Fri from 9 to 6.
